Statue of Liberty “This Is Me” social media post idea:

Below I used my 3 values as an example of what came to mind in SST 4 class session for a simple social media post using the “Who I Am makes A Difference” Blue Ribbon.

**I Am Love, Integrity, and Gratitude. This Is Me. Who I Am Makes A Difference.
What are your top 3 motivating values and how do they inspire action in you every day?**

As you know each platform has different parameters. I haven't posted yet because I would prefer to make a video with the above elements, text cards, music, etc. to post on all my social accounts to help avoid the separation of elements some platforms do with picture uploads. I haven't had the time to create it yet!

I hope one of you are inspired to get creative for your This Is Me social post! Please tag us all (you can get our social info on the SST January Contact list on the dedicated SST page <https://blueribbons.org/sst-students>)

Please share your posting ideas with us so we can be encouraged and inspired by you! 🥰

I've included the Statue of Liberty picture too in the event someone wants to include it in your post!
